**Subject:        Pre-Dredge Survey Notification**  
**Lower Passaic River Study Area Project, River Mile 10.9**  
**Lyndhurst, NJ**

Dear Mr. Foster,

Great Lakes Dredge & Dock Company (GLDD) has re-scheduled the Pre-Dredge survey for the above mentioned project to Friday, July 12<sup>th</sup>. A representative from Landmarker Geospacial will accompany the survey party as an independent 3<sup>rd</sup> party PLS to review GLDD's survey. It is anticipated that the survey will take approximately 3 days to complete.

A CH2M Hill representative may attend this survey. Please limit participation to one person in order to keep the boat as level as possible during the survey. The required PPE items are a hard hat, life jacket, steel toed boots, and safety glasses. GLDD can provide this PPE if requested in advance. The representative will need to watch a 15 minute visitor safety video which will be provided on board the boat.

The boat will be loading passengers from the De Maximis dock north of the project area. Surveys need to be conducted around high tides and approximate start times will be:

Friday: 9:30  
Saturday: 10:30  
Sunday: 11:00

Please have the CH2M Hill representative contact me on my cell on 7/11 to confirm the schedule.

If you have any questions, please do not hesitate to contact me at [CEbner@gldd.com](mailto:CEbner@gldd.com) or my cell at 630-207-7542.

Sincerely,

A handwritten signature in dark ink, appearing to read "Chris Ebner", written over a light blue horizontal line.

Christopher F. Ebner, P.E.  
Project Engineer  
Great Lakes Dredge & Dock Company, LLC
